

Club Umpiring 2010 Season

Most grades have an odd number of teams so each week one team has an umpiring bye. That team will be required to (typically) provide 8 umpires for 4 games as shown in the table below. Some grades will be 'self umpire' and others will have games allocated by HWA on a weekly basis.

It is absolutely essential that all our umpiring allocations are filled. Failure to do so means significant fines and these will be levied back to the teams who didn't show for their allocated duty.

Allocations for each team will be posted on our web site and also emailed to the team/grade co ordinators but it is your responsibility to check. If you have a bye, you will probably be umpiring.
