© Copyright SportingPulse - Online Results v2.01

Using the username and password provided to you, log onto the Online Results.

NB. For clubs the username is a numeric code. Associations have a text username. Clubs, see your association for log in details if Online Results is being used by your association.

3. Entering Match Results

Most likely, the first task you will have is to enter the match results.

To enter this module to do this, click on "Final Match Scores"

This will take you to a new page.

Either club can enter the result for the match.

The screenshot shows the 'Sportzware Online Results' web application. The header is dark blue with the 'Sportzware Online Results' logo in white and orange. On the right, under 'MATCH INFORMATION:', it lists: Association: Hockey Australia, Teams: Kookaburras V Spain, Match Date: 05/04/07, and Competition: Online Results Demo. Below this are links for '< Main Menu | Feedback | Logout >'. The main content area has a yellow background and contains several sections: 'Available Options' with sub-sections for 'Kookaburras' and 'Spain', each with links for 'Team Selection', 'Add / Edit Team Support Roles', and 'Team Sheet'; 'Final Match Scores' (highlighted with a red arrow); 'Enter Detailed Player Results' with links for 'Kookaburras' and 'Spain'; and 'Association Options' with links for 'Administration Options', 'Match Report', and 'Login Report'.

4. Entering Match Results – Full Details

Depending on competition rules, you will need to enter some, or all, information.

Basic information such as the score and the final result must be entered for Online Results to work.

Other areas can be filled in depending on local competition rules. Click "Save" to record these details. Click on "Main Menu" to access other options.

5. Team Selection

To record the details of the players that have taken part in the match, click on the “Team Selection” option.

Clicking on “Team Selection” will take you to a new page.

Associations will see listings for both teams. Clubs will only see a listing for their team.

The screenshot shows the Sportzware Online Results interface. At the top left is the Sportzware logo. On the right, under 'MATCH INFORMATION:', it lists: Association: Hockey Australia, Teams: Kookaburras V Spain, Match Date: 05/04/07, and Competition: Online Results Demo. Below this is a navigation bar with links: < Main Menu | Feedback | Logout >. The main content area is titled 'Available Options' and is divided into sections for 'Kookaburras' and 'Spain'. Each team section has a list of options: 'Team Selection', 'Add / Edit Team Support Roles', and 'Team Sheet'. There are also links for 'Final Match Scores', 'Enter Detailed Player Results' (with sub-links for Kookaburras and Spain), and 'Association Options' (with sub-links for Administration Options, Match Report, and Login Report). Two red arrows point from the text on the left to the 'Team Selection' link in the Kookaburras and Spain sections.

6. Team Selection – Full Details

On this page you'll see a full list of the player from the club on the left hand side, "Available Player"

To select players, highlight a player and click "add".

They will then appear in the "Selected

Players" field. To save time, you can use players from the previous match. Once the players are selected, you can then assign rolls to the players. Eg, Captain, Vice Captain, etc. Remember to save the list, by clicking on the "Save List" button.
